The Old Love Song. From the Pittsburg Chronicle Telegraph.
Play it slowly, sing it lowly,
Old familiar tune!
Once it ran in dance and dimple.
Like a brook in June:

ow it sobs along the measures With a sound of tears; ear old voices each through it. Vanished with the years.

Memories come within the music, stealing through the bars; Thoughts within its quiet spaces Rise and set like stars.

Rippie, rippie, goes the love song
Till, in stoxing time.
Early sweetness grown completeness
Floods its every rhyme;
Who together learn the music
Life and death unfold
Know that love is but beginning
Until love is old.

Can your readers tell me anything of a restaurant is Greenwich Village only thirteen ways to get five of a kind, therefore the five of a kind is harder the walls were covered with playbills and I believe the place was a resort of actors and public men.

I say that the measurement of a ship's tonnage (i. e., 40 cubic feet to the ton) means the displacement of the ship without regard to her waterline or the amount of tons weight (2.240 pounds ton) which she may carry, and furthermore, that the cabin capacity first, second, third (if any) and steerage—ir all calculated in the vessel's measurement. Is this so? T. W. C.

Displacement tonnage is the weight of the whole ship and everything aboard of the whole ship and everything aboard.
